Cantt. Board Nasirabad(Raj)

Sir,

Your letter under reference in reply to my application dated 09.03.2007
seeking certain information mentioned below:

- (1) Construction of community halls between years 2002-2006 within
Civil area of Cantonment Board, against funds provided to the
MPs & MLAs (local area fund)
- (2) Date of commencement, date of completion , agency name of
each work done and present authority holding ownership of
each work along with date of handing over each such completed
work.
- (3) The gross area allotted for such construction of building premises
be informed along with above information in writing at the
earliest.

My reply to the Assistant Registrar CIC New Delhi notice dated
12.01.2009 expressing inability to appear on hearing date of 29th. January 2009
an appeal was submitted for due cognizance under section 19(18) of Right to
Information Act 2005. The CPIO Nasirabad malafidely avoided the deposition of
requisite fee to weaken the case already pointed out clearly in my appeal.
Entertaining an application without realizing its requisite fee was aimed purposely
to put applicant into sheer dejection disappointment harassment delays etc and
so to say denial of required information. The CIC New Delhi has viewed it seriously
and advised strongly to CEO & CPIO for dealing the matter in right earnest else
strict action under section 20 of the Right to Information Act would be initiated
was warned while hearing the complainant's appeal on 29.01.2009.
