

The President Cantonment Board, Nasirabad (Rajasthan)
Through, The Executive Officer, Nasirabad (Raj)

Dear Sirs,

Subject: - Construction over Open land
of my House No: 532

SALE DEED

Respectfully I beg to lay the following for your favourable consideration and doing needful as stated herein.

(1) That the above quoted House No: 532 in Ramdayal Mohalla had been Purchased, Transfer by Sale approved in the beginning of 1923 filed in your office in favour of my Father Shri Gaurdhan Son of Beernajee and the Cantonment authorities have been charging the Property and Water tax to the undersigned after this Sale Transfer. This House No: 532 was in a Ruined Condition and formed as an open land very early due to the Rains which must have been shown in your old Plans and the area 405 sqft is also shown in your G.L.R. or old Register though actually it may be more. Some years back this 405 sqft area of the land has been reduced about 340 sqft only due to the Cantonment Drain built over this land in an angle on west side only. This drain can be shifted suitably to allow more land as possible upto 380 sqft or so within the above quoted area of 405 sqft when the Construction is Sanctioned over this open land of House No: 532. During April 1966 in my absence when serving far away in the Madhya Pradesh State the Cantt. authorities had very wrongly increased the Previous Property and water tax of Rs 61 NP. to Rs 12.30 for this open land of House No: 532 when the same open land has been existing to date. The objection for same had been raised on 13-10-1966 but no action was taken then and the increased Taxes of Rs 12.30 were charged against me, the undersigned, and paid by my Family upto April 1969. The same objection had again been raised for the year 1969-1972 assessment list vide my application of 27-2-1969 & 4-1969 and 27-10-1969 which I was informed personally on 18-12-1969 by the assessment committee headed by the Vice President that no further Taxes will be imposed for this open land of my House No: 532.

(2) That during my absence at Nasirabad when serving at Bikaner Rly the Cantonment Plan was resurveyed in 1931 and consequently the ownership for this open land remained unclaimed at the time of the Survey as also stated in your file and thus it was shown Building Site 4 land in the G.L.R. After this when I got some opportunity and made application in 1934 to build Construction over this open land of House No: 532 combining separately with the vacant portion of my House No: 533 and on this the Cantt. authorities stated in January 1935 that the open land of House No: 532 is shown as B4 land in the G.L.R. and so the Construction remained pending to date because I got no chance further to attend and deal with this being outside Nasirabad. Though the Taxes were being continuously charged against me for this open land of House No: 532 as stated in Para (1) above yet no Re-classification of the land was carried out in the G.L.R. to date. I had almost remained outside Nasirabad for my services after the death of my Father in 1925 until 1968 when served in the Railway, military Engineering Services, War Services at Imphal, Manipur Assam also in the M.P. State and worked as a Pure Temporary Overseer for very few months in 1965 under your Board. I shall however mention herein too that my Inherited National Government shall have to pay etc my legitimate claims regarding my above quoted whole services as very rightly and very generously promised Home personally by my Officer Commanding as 'SECOND TO NONE' during the II World War for the very legal Benefit on either side.

(3) That I quite essentially need now to get the above quoted Discrepancy straight very early and this open land of my House No: 532 be shown in my Name in your G.L.R. Register so that the Construction application may be made for sanction as soon as the lease question is made right and convenient for me to carry out the Construction as stated in Para (2) above. Hoping this will now receive your kind and very early attention for the very needful though it was already represented in Sept 1969.

Thanking you good selves highly please.
