

To
The Executive Officer
Nasirabad Cantt.

Sub:- Reg. Property No.532&533 (Narain s/o Gordhan)
Ref:- My hearing date 4.6.2005.

Sir,

I wish to draw your honour's kind attention to property No.532 that my revered father had already submitted certified & original documents in proof of our ownership of No.532.

All the necessary documents are lying in your office record file of property no.532&533 (combined file of both properties) which may kindly be examined and exhibits ownership of Narain s/o Gordhan.

The incorrect view of the cantonment is only based on survey register of way back Nineteen hundred thirties. The incorrect recordings happened due to absence of the owner being far away with his entire family locking his house No.533 Nasirabad for serving his Rly. job at Bikaner when the survey was conducted way back around nineteen thirties for framing G.L.Register. The then existing kuchha houses on our 532 land were washed away by rains over the years so erroneous opinion must have entertained while surveying the premises and misclassification occurred of our land lying open.

My revered father several times prayed your honour for correcting this mistake on the basis of relevant documents which he had already submitted long back but the justice is still awaited by his soul. The cantonment is regularly placing demand notice ever since for depositing house tax for property No.532 and the same is regularly being paid nothing is outstanding upto March 2006.

Your honour is highly prayed for looking into the matter deeply and relive our worries by regularising the misapprehension and making the property free from all encumbrances for good.

Thanking your honour highly.

Yours sincerely,

(R.C. SHARMA)
