

The Estate Office
Cantonment
Nasirabad

Subject:- Sanction of construction proposal of
House No. 532 (Narain s/o Gordhan)

Sir,

Kindly refer my application and hearing dates on above mentioned subject. The house No. 532 (area 405 sq. ft.) now totally ruined and reduced to open land for want of construction. I am told that the reason for not sanctioning the construction proposal is the missing of owner's name in overseer's report (GLR survey No. 280/751).

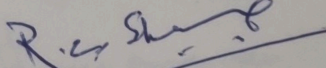

I am submitting following facts that will justify that the ownership of house no. 532 belongs to my father late Sh. Narain s/o Gordhan

1. My father submitted all relevant documents way back 50 years.
2. During 1930s decade when survey was conducted, my father being railway employee was stationed at Bikaner locking house at Nasirabad. After knowing the fact that his name is missing in the survey report, my father requested several times with reminders to restore his name in the survey report.
3. The house premise of 532 comes under class B(3) land site. As per Govt. ruling B(3) sites belongs to individuals.
4. Thus after taking all facts giving in item nos. 1, 2 and 3 the honourable authority of the cantonment has imposed house tax on this property i.e. house no. 532 in the name of my father i.e. Narain s/o Gordhan.

Sir, the Cantt. Board has been charging house tax right from the beginning to this date. A copy of recently paid tax is enclosed for your kind examination.

I respectfully pray your honour for rectification of flaw in records to accord sanction to construction proposals.

Yours faithfully,

(R.C. Sharma)
