Cantonment
Nasirabad.

Subject :- Reg. House No. 532 and 533 (Nazam s/o Gordhan)

Sir, I

Kindly refer to my applications and hearing dates in above properties. I draw your kind attention to my property No. 532 (area 405 sq. ft) Survey No. (280/75) now lying open land adjoining to my house No. 533 (area 1120 Sq. ft) survey No. 280/752. My property 532 (survey 280/75) classifying B(3) building site, area 405 sq. ft is a personal property but owner's name in G.L. register is found missing. This mistake has caused much trouble to the owner to get sanctions of plans for construction on his 532 land. In 1930s decade, during survey, owner was far away with his family, leaving his house at Nasirabad to serve Rly. job at Bikaner, therefore survey party was unable to get particulars/documents of 532 from owner, whose absence became cause without which owner's name would not have been caused as blank in G.L.R.

Property 532 (area 405 sq. ft) suffering greatly for want of required sanctions of plans, lying uncommunicated. My revered father late Nazam s/o Gordhan requested several times, with reminders, to rectify the flaw reg. ownership by verifying the documents. He submitted all necessary documents 50 years way back of property 532, belonging to us since around 1920s. Our dilapidated 532 kuchha old house, ruined and washed away by rain storms over the years and ultimately reduced to open land. For safety of our premises, kuchha-pucca barbed wire fencing/wall etc remained provided always on 532 land,
