Sub:- Regarding assessment revision of my house No.533 & 532.
Ref :-Your office number 277 dated 13.2.2006.

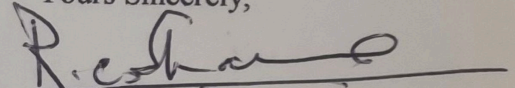

Sir,

I regret to state that being out station, the objections to the above reference could not be submitted in time. I, therefore, submit my objections against the proposed increase in assessment of above mentioned house nos.

The above premises do not have the basic facilities of electric as well as water connections and lying totally unproductive, having zero rental value. In these circumstances it would not be justifiable for any increase in assessment value while doing revision of assessment. The current assessment value Rs.900/-is even requested, to be reduced further, to the bare minimum permissible for such buildings that being lying total unproductive looking to the size, locality and structural condition of their dwelling rooms that are unsuitable for living in today's parameters.

Hope this would be treated favourably and obligedly. Thanking you Sir.

Yours Sincerely,

(R.C.Sharma)
