Ministry of Defence S.R.O. 37, Dated 17-1-56.

S.R.O. 37, dated 17th Jan. 1956:—The following bye-laws for regulating the erection and re-erection of buildings in the Nasirabad Cantonment made by the Cantonment Board, Nasirabad in exercise of the powers conferred by section 186 of the Cantonment Act, 1924 (II of 1924) and in supersession of the bye-laws published with the notification of the Ajmer Merwara Administration No 778 C/542/CE/20, dated the 19th November, 1924, are hereby published for general information, the same having been previously published and have been approved and confirmed by the Central Government, as required by sub-section (1) of section 284 of the said Act namely:—

**Bye-Laws for Regulating the Erection and Re-erection
of Buildings in the Nasirabad Cantonment.**

1. (i) Every person intending to erect or re-erect a building shall apply for sanction by giving notice in writing to the Executive Officer under section 179 of the Cantonment Act, 1924, in Form 'A' appended to these bye-laws and shall at the same time submit, in triplicate (one copy being on tracing cloth or linen and other copies in blue print or on tracing cloth duly signed by him or by his agent) the following:—

(a) A site Plan of the land on which it is intended to erect or re-erect the building.

(b) A plan showing the elevation and cross-section of the building which it is proposed to erect or re-erect together with a plan of the existing buildings, if any, showing all platforms, balconies and other projections, existing there on, and

(c) The specifications detailed in Form 'B' appended to these bye-laws:—

(ii) All new work shall be indicated on the plans in a distinctive colour and a key to the colours used shall be given thereon; as detailed below:—

Existing work in			Black
Proposed work in			Red
Demolition work in			Yellow.

(iii) All plans submitted for sanction under these bye-laws must be signed by a qualified draftsman or Overseer or a person licensed by the Cantt Board; in this behalf.

2. The site plan shall be drawn to a scale of not less than 110 feet to an inch. The scale used shall be marked on the plan which shall clearly show:—

(a) the direction of the North point,

(b) the boundaries of the site on which it is proposed to erect or re-erect the building,

(c) the position of all adjacent buildings, streets, vacant lands and drains,

(d) the names if any, width of all streets on which the site abuts, together with the numbers, if any, of the adjoining houses or premises, and the names of their owners,

(e) the line of frontage of adjoining buildings, if the building abuts on any street,

(f) the alignment of drains showing the manner in which the roof and house drainage and surface drainage will be disposed of, and

(g) a sketch of the building and premises showing all electric wiring and poles, and water pipes within twenty feet of the boundaries of the site.

3. The building plan (including ground plan, section and elevation) shall be drawn to a scale of not less than eight feet to an inch, and shall show inter alia the following:—

(a) the external dimensions of the main building.

(b) the ground floor, the first floor, any other floor and the roof,

(c) the position and dimensions of all projection beyond the main walls of the buildings;

(d) the position of all proposed and existing drains, bath rooms, urinals, privies, fire places, kitchens, gutters, and downspouts and other sanitary conveniences;

(e) the dimensions of all rooms and the size and position of all doors; windows and ventilators in each room.

(f) the materials to be used for the foundations, walls, floors and roofs,

(g) the purposes for which it is intended to use building,

(h) no building shall be erected if it projects beyond the general alignment fixed for the streets on which it abuts,
