

The President Cantonment Board, Nasirabad (Rajasthan)
Through, The Executive Officer, Nasirabad

98

Dear Sirs,

Subject: - Construction over open land of my House No: 532

Respectfully I beg to lay the following for your favourable consideration and doing needful with full view of my legal case as stated herein.

(1) That the above quoted House No: 532 in Ramdayal mohalla had been Purchased, ~~and~~ transfer by Sale approved about 1923 in favour of my Father Shri Gaurdhan and the Cantonment authorities have been charging the Property and water Taxes to us after this Transfer. This House No: 532 was in a Ruined Condition and later on formed as an open land and this House No: 532 has also been shown in the Survey Plan of 1931 and comprised the area of 405 sft as shown in your old Register. Though some years back this 405 sft area of land has been reduced to about 340 sft due to the Cantonment Drain built over this land and encroached in angle on west side only yet it can be shifted back suitably to allow more land upto 380 sft within its area of 405 sft as stated above when the Construction is sanctioned over this land of House No: 532. During April 1966 in my absence when serving far away in the M.P. State the Cantonment authorities had excessively increased the Previous Property and water Taxes of Rs 12.30 to Rs 12.30 for this open land of House No: 532 when the same open land has been existing to date. The objection for same had been raised on 13-10-1966 but no action was taken then and the increased Taxes of Rs 12.30 were charged against the undersigned upto April 1969. The same objection under 1969-71 assessment had been made vide my application of 27-2-1969 and 8-4-1969 and the Assessment Committee has now withdrawn the increased Taxes for this open land of House No: 532 as informed to me personally on 2-7-1969.

(2) That during my absence at Nasirabad the Cantonment Plan was Resurveyed in 1936 and consequently being unaware it could not be claimed by me at the time of actual Survey and Presumably it must have been guided at the very time for this open land of No: 532 as Government land and it was accordingly shown as Building Site B4 land in the G.L.R. However at couple of times it was so chanced for me to have taken efforts for the Construction of House No: 532 joining with the remaining Construction of my House No: 533 but the Cantonment authorities stated that the open land of House No: 532 in question is shown as Building Site B4 land in the G.L.R. and therefore the Construction remained Pending to date. Though the Taxes are being charged for the open land of House No: 532 to the undersigned as stated in Para (1) above but the very Reclassification in the G.L.R. has not so far been carried out.

(3) That I had almost remained outside Nasirabad after the Death of my Father in 1925 until 1968 and served as an Engineering Subordinate in Railway, military Engineering Services at Nasirabad and elsewhere including War Services at Imphal Manipur Assam. I had also served about five months in this Cantonment Board and last three years in the M.P. State. I have represented to the Competent authorities in this connection that my Inherited National Government shall have to pay etc my legitimate claims very causingly and very Righteously Promised to me personally by my Officer Commanding as 'SECOND TO NONE' during the II world war for the legal Benefit on either side whether to be granted or rejected finally.

P. T. O.
