

To The Cantonment Executive Officer, (167) 11+ (140)
Office of the Cantonment Board, Narsarabad (Rajasthan)

Sir, Subject: - Construction over open land of House no: 532
Ramdayal Mohalla, Narsarabad. (151)

Reference: - Your letter No: 532/B/4/478 of 18-6-76 regarding
Decision of my Previous Representation of 5-9-1965 by the Deputy
Director ML & HQ Southern Command, PUNE-1 that
714 297 Status - quo be maintained.

76 I beg to state in reply of your above quoted letter that the
original as well as true copies of Registered deed, Transfer of Sale
in Purchaser's name and Payment of Taxes had already been
Submitted duly certified as demanded. This had been the
Definite Proof that House no: 532 with the Rights of its area
previously possessed by the Seller and shown in the then Survey Map
was actually purchased by my Father named Govardhan in the
Year 1922. I the undersigned owner has therefore legitimate
claim for this open land as gradually formed during Raines,
of House no: 532. The Re Survey had been carried out in quiet
absence of my whole family members while I was on Service at
out station and therefore had no knowledge of it being shown
as B4 land when no other individual claimed for it. It was only
known to me when my Construction Plan was not approved later on
for this land, though I was continually at out station, and
in the absence of approval the Construction kept pending. But
as a matter of fact it should not have been shown as B4
land when the Transfer of Sale and the Collection of Taxes
regularly made from the very beginning by the Cantonment Office.
The above quoted Decision should therefore be very kindly
reconsidered favourably and the existing open land of House
no: 532 be reclassified in the owner's name for necessary eventual
Construction as early as possible for me, as all stated in my
P.T.O.
