

The Estate Officer
Cantonment
Nasirabad.

Subject:- Reg. House No. 532 and 533, (Narain s/o Gordhan)

Sir,

Kindly refer my applications and hearing dates in above properties. Your kind attention is drawn to my house No.532 (area 405 sq.ft.) survey No.(280/751) now open land in my possession is adjoining to my house No.533 (area 1120 sq.ft.) survey 280/752. My house No.532 (survey 280/751) classified B(3) building site, with area 405sq.ft. is my personal property. I am surprised that owners name in GLR is found blank. Not mentioning the owners name in GLR records on part of the department's mistake has deprived the owner badly of legitimate sanctions to his proposed construction on his 532 house land. In 1930s decade when survey was done, owner was far away with family, locking his house at Nasirabad serving his Rly job at Bikaner. This mistake committed at the hands of Govt.survey party which did not gather complete information reg. house No532 from the owner. Owner's absence also became a cause due to which his name could not have been entered in GLR and thus may have been left blank. Later knowing the mistake owner pursued the matter for rectification and to get his name entered in GLR.

Construction proposals on house 532 land (area 405sq.ft.) could not be sanctioned and filed uncommunicated. My revered father late Narain s/o Gordhan requested several times with reminders, to rectify the flaw reg. ownership by verifying the documents. He submitted all necessary documents way back 50 years reg. house 532, belonging to us around 1920s . Our old dilapidated 532 kuchha house was, ruined and washed away by rain storms over the years gradually and presently reduced to open land. For its safety, kuchha-pucca barbed wire fencing/wall etc.always remained provided on 532 land, to stop trespass from road side. Whenever house tax was imposed initially on 532 in 1920s decade, Cantt. Board authority must have had ensured and verified fully about validation of ownership well before assessing tax on house 532. Having fully satisfied reg. ownership, the Cantt.Board finally imposed house tax on property 532 and the demand for tax since then has been regularly raised in the name of Narain s/o Gordhan till to date, which regularly has been paid up to date. (details of these tax receipts enclosed earlier along with one proposed plan in 1967). Tax has been fully paid up to March 2006 against 532&533 and nothing is outstanding. Concerned authorities are highly requested to consider the matter seriously with a spirit to fulfill/restore missing name of owner in GLR (survey 280/751 property 532 class B(3) area 405 sq.ft.)by inserting name of Narain s/o Gordhan in blank space of ownership column obviating suspicions in this case on basis of the facts & documents that Cantt.Board has been honestly charging the house tax, right from the beginning to this date from the sole owner of 532 property i.e.Narain s/o Gordhan.

Requests, documents and reminders all exhibit on office record file of house No.532&533 which are enough to finalise this case. A status quo position ordered in the past by higher authority needs rational and final decision reg. house No.532 which is over due by several decades and still awaits rectification from the concerned authorities.

Overseer's report reg. encroachment on 532 (survey.280/751) is thus incorrect, and need to be viewed as per the facts mentioned herein.

I regardfully pray to your honour for justice, thanking you highly.

Yours faithfully,

(R.C.Sharma)
